

Regarding the Election Process in Guatemala

And the Ballot Revision Hearing the Electoral Board of the Central District will be having today:

The USG-BC urges all national and international observers to attend and inform the public of any and all findings related to the revision process.

We continue to have faith that results of the elections held on June 25th will be upheld and that the decreed revision process should be done with the transparency with which the first ballot round was attested to have been held.

More revision hearings will ensue in the following days and in light of this we shall remain steadfastly vigilant of the solemnity and professionalism with which they are held and stand with the Guatemalan electorate on holding officials accountable for their actions.

Transparency and publicity of the revision process are key and we urge officials to continue on this path in a rapid and diligent manner, officially certifying the results as soon as possible in order for the second ballot round to proceed as scheduled.

Guatemala, July 4, 2023
